

1

Guinea Pig – They do what is known as Coprophagy, which means they eat their own pooh, because they need to digest their food twice.

Animal Care Tips –

Guinea Pigs are Herbivores and need a constant supply of Hay. They also need a balance diet of fresh fruit and vegetables.

Mr Potter has a variety of the following

2

- | | |
|---------------|--------------|
| Carrots | Apples |
| Green Peppers | Orange |
| Cabbage | Raspberries |
| Parsley | Strawberries |

Hay is heaped into their enclosure as Guinea Pigs love to run, popcorn and lay around in it.
