

1 **Tortoise** – cannot swim, but they love a warm water bath, with no bubbles or glitter. They can absorb water through their skin while they bath.

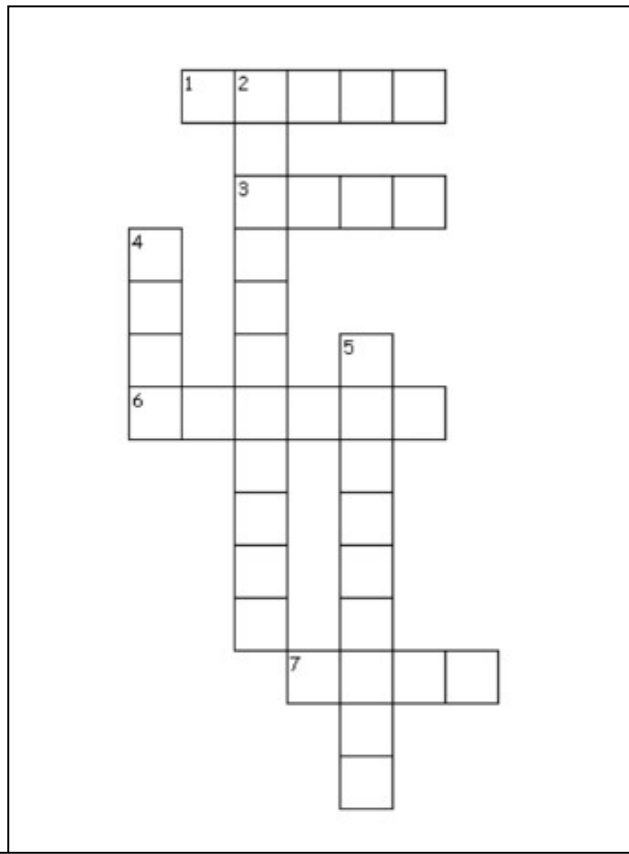

Animal Care Tips –

Tortoises - Are Herbivores and need a balance diet of greens, flowers and fruit.

There is an excellent app called **The Tortoise Table Plant Database** Which identifies the safe plants that can be found in gardens to feed to tortoises.

2 They also have ZooFood, a specially designed Tortoise pellet, which is soaked before feeding,

Their food is dusted with Calcium Supplement every other feed, this prevents Metabolic Bone Disorder

4 Go into your garden and draw below a plant that a Tortoise can eat.

- Across**
1. What is a Tortoise house called?
 3. Does a Tortoise have Teeth or a Beak?
 6. What covers a Tortoises leg?
 7. How many legs does a Tortoise have?
- Down**
