

1

**Fancy Rats** - Has whiskers around their head, they use these to feel if they can fit through holes and gaps.

Animal Care Tips –

**Rats** – are Omnivore and can eat almost everything!  
 Remy the Rat's favourite treats on top of there dry food are -

- |               |              |
|---------------|--------------|
| Carrots       | Apples       |
| Green Peppers | Orange       |
| Mealworms     | Raspberries  |
| Cooked Eggs   | Strawberries |
| Cheese        | Nuts         |
| Dried Fruit   | Cooked Meat  |

2

Rodents teeth continuously grow, so they need hard food and wood chews to keep their teeth trim.
